

ALIRA PHARMACEUTICALS B2B CATALOG

Good health, fair prices, trusted worldwide

Overview

Welcome to the Alira Pharmaceuticals B2B Catalog. At Alira Pharmaceuticals, our mission is simple yet powerful to make quality healthcare accessible across borders by providing trusted, affordable, and high-quality medicines. This catalog has been carefully designed to serve as a complete resource for our partners, offering clear insights into our wide range of pharmaceutical products, competitive pricing, and streamlined distribution services.

We understand that in today's fast-changing global healthcare environment, reliability and trust matter as much as affordability. That is why every product we deliver meets stringent quality standards, backed by WHO-GMP-certified manufacturing facilities and rigorous compliance processes. Our commitment is not to be the biggest or the most profitable, but to be a respected and dependable partner for healthcare providers, distributors, and importers worldwide.

Within these pages, you will find detailed product information that helps you make well-informed procurement decisions. From formulation to packaging and logistics, we focus on ensuring smooth, transparent, and ethical business practices that put our partners first.

At Alira, we see ourselves as more than just a pharmaceutical supplier we are enablers of healthier communities across borders. Thank you for choosing to partner with us in building a trusted future for healthcare.

Our mission is simple:

Our goal is to provide good quality and affordable medicines across borders, building trust and respect through integrity and care, so people everywhere can access healthcare without compromise or burden.

Examination Gloves

LATEX AND NITRILE, POWDER-FREE OPTIONS

Latex Examination Gloves

- Material: Natural rubber latex
- Variants: Powdered / Powder-free
- Sizes: S, M, L, XL
- Pack: 100 pcs/box, 10 boxes/carton
- Compliance: ISO 13485, CE, FDA
- MOQ: 50,000 pcs

Our latex examination gloves offer exceptional tactile sensitivity and comfort. Available in both powdered and powder-free options to suit your specific needs. Manufactured to the highest quality standards for reliable protection.

Conforms to:

- **ISO 13485**
