

# ALIRA PHARMACEUTICALS B2B CATALOG

Medical Plasticware & OT Utility Products

*Reliable hospital utility solutions for everyday healthcare needs*

Export-friendly • Quality assured • Trusted worldwide

## Overview

Welcome to the Alira Pharmaceuticals B2B Catalog for Medical Plasticware & OT Utility Products.

At Alira Pharmaceuticals, our mission is to support healthcare providers with reliable, practical, and cost-effective hospital utility solutions. This catalog has been carefully developed to showcase our range of medical plastic products, hygiene accessories, and OT utility items designed for daily hospital use.

Our product portfolio focuses on non-pharmaceutical, export-friendly medical supplies that meet the essential needs of hospitals, clinics, diagnostic centers, and healthcare distributors. From patient care plasticware to waste management solutions, every product is selected for its durability, safety, and ease of use.

We understand the importance of quality, consistency, and smooth international supply. That is why our products are manufactured using high-grade materials and follow strict quality control processes to ensure dependable performance in healthcare environments worldwide.

This catalog serves as a practical reference for buyers seeking affordable, compliant, and efficient hospital utility products without the complexity of pharmaceutical regulations. Whether you are sourcing for local use or international distribution, Alira Pharmaceuticals is committed to being your trusted supply partner.

## Our Mission

To provide high-quality, affordable, and export-ready healthcare utility products that support hospitals and medical facilities worldwide, while building long-term partnerships through integrity, reliability, and care.

# ALIRA PHARMACEUTICALS

Medical Plasticware & OT Utility Products

## Kidney Tray (Plastic)

Plastic kidney trays are widely used in hospitals and clinics for holding medical instruments, dressings, and waste during procedures. Their curved shape ensures safe handling of fluids and materials while minimizing spillage.

### Specifications:

- **Material:** Medical-grade Polypropylene (PP)
- **Sizes:** 6", 8", 10", 12"
- **Color Options:** Blue, Green, White
- **Variants:** Disposable / Reusable
- **MOQ:** 1,000 pcs
- **Compliance:** ISO 13485, CE
- **Packaging:** 100 pcs per carton

## Bedpan (Adult)

Adult bedpans are designed to assist immobile patients with hygienic toileting. The ergonomic shape ensures comfort, while the smooth surface allows easy cleaning and disinfection.

### Specifications:

- **Material:** High-density Polypropylene (PP)
- **Capacity:** 2–3 liters
- **Color Options:** Blue, White
- **Variants:** Standard / Fracture Type
- **MOQ:** 500 pcs
- **Compliance:** ISO, CE
- **Packaging:** 20 pcs per carton
